Online Assessment

Click [HERE](#) to access feedback of candidates who have done the assessment!

Click [HERE](#) to access Online Assessment Practice

I) Numerical Reasoning

- 1) Basic Numeracy: Perform basic math – four operations (addition, subtraction, multiplication, division), fractions, averages and ratios.
- 2) Word Problems: Analyse and solve mathematical problems presented in text format.
- 3) Number Series: Find and follow patterns in a given set of numbers.

II) Verbal Reasoning

- 1) Vocabulary: Prove your knowledge in the definition and usage of words.
- 2) Analogies: Find the relation between a pair of words and apply it to an additional one.

III) Abstract Reasoning

- 1) Odd One Out: Decide which shape does not belong to a given set.
- 2) Next in Series: Find a progression pattern of shapes and decide what the next shape is.
- 3) Matrices: Like ‘next in series’, but in a two-dimensional matrix form.
- 4) Analogies: Uncover the relation between a given pair of shapes and apply it to another one.

IV) Logical Reasoning

- 1) Syllogisms: Derive a conclusion from a given number of premises.
- 2) Deductions and Conclusions: ‘Syllogisms’ in reverse – gather the required information to determine a given conclusion.
- 3) Seating Arrangements: Determine the order of several elements according to a given set of rules.

Tips on passing Plentisoft Assessment and Interview

Click [HERE](#) to access feedback of candidates who have done the assessment!

What does the online assessment consist of?

- Aptitude test:
 - To test the candidate's **IQ, Maths, Logic, Special Programming Logic** and **Vocabulary**
- Personality test:
 - To understand candidate's personality
 - Prefer candidates who are able to fit in this company well dynamically, being involved well with others, work effectively
- *Note: Technical skills (Javascript, ANGULAR, SQL) are still more emphasised!
- Time for completing the assessment: 15 minutes (50 questions in total)

What are the possible reasons when a candidate is rejected based on assessment?

- Assessment is based on Logic and Mathematics as this is Plentisoft's benchmark. Scoring for these 2 is compulsory
- Plentisoft wishes to hire candidates with a very high competency
- Candidate's Mathematics has to be very good, as well as their logic and reasoning skills

What are the possible reasons when a candidate is rejected based on interview?

- When candidate is not competent in programming in general, not familiar with Javascript etc
- When candidate failed their live test
- Advices from Plentisoft : Candidate's past knowledge has to be accurate and passive, candidate has to know what they are doing during interview

Expectation Settings

What are the job benefits that EPs can expect to obtain?

- Hire candidate as permanent employee if the the candidate performs well and is able to contribute diligently throughout
- Promotion for the the candidate if the performance is excellent
- Plentisoft doesn't have any specific mentoring programmes but they believe the candidate will learn this aspect on the job

Plentisoft's expectations

Technical Skills and Programming Languages elements are more crucial, this is the main thing that should be focused on in candidate's CV

Good Luck!

Is Plentisoft : IT Development Executive a GT or VPP opportunity?

AIESEC in Malaysia has passed round 2 for VPP application but we do not have access to the VPP platform yet.

This opportunity is currently GT, until we gain access to the platform.

Now : GT on EXPA, listed as partly remote (6 months remote, 6 months physical)

Approx. May 2021 : VPP on VPP Platform, will be listed as fully remote (6 months)

oGT is running VPP

- oGT is concerned about legalities
- EP is concerned about GT price > VPP price despite fully remote

oGT is not running VPP but is in the process of applying

- oGT is concerned about legalities

oGT is not running VPP and has no intention to apply

- oGT is concerned about legalities

EP is concerned about
GT price > VPP price

EP is not concerned about
GT price > VPP price

1. EP applies as usual on EXPA
2. iGTA process application until ACC only (no need to pay GT fees)
3. Until we have access to VPP platform, this opportunity will be posted on VPP Platform, EP **break ACC** on EXPA and applies on VPP Platform. We will inform you when this happens.
4. EP pays for VPP fees and achieves APD on VPP Platform

1. EP applies as usual on EXPA
2. iGTA process application as usual (EP pays for GT fees)
3. EP **break RE** after 6 months remote

- Google IT Automation with Python ongoing certification with Google

Business Analyst

GET TO KNOW ABOUT MALAYSIA

Malaysia is a country in Southeast Asia. The federal constitutional monarchy consists of 13 states and 3 federal territories, separated into 2 similarly sized regions, Peninsular Malaysia and East Malaysia.

The country is multi-ethnic and multi-cultural. About half the population is ethnically Malay, with large minorities of Malaysian Chinese, Malaysian Indians, and indigenous peoples in Sabah and Sarawak with their own unique culture and heritage.

MALAYSIA'S NATURE

Malaysia is located in the center of Southeast Asia, a rainforest zone below the equatorial belt that teems with the wonders of nature. The amazing wildlife species found in this region have long been the fascination of researchers and explorers around the world. Divided between Peninsular Malaysia in the west and North Borneo in the east, its natural heritage has been the subject to documentaries and continues to yield astounding discoveries today. Composed primarily of rainforest across lowland and mountain regions. Malaysia also has a wealth of limestone formations, mangrove swamps, coral reefs and spectacular caves to discover.

MALAYSIA'S CULINARY

Malaysia's culinary style in the present day is primarily a melange of traditions from its Malay, Chinese, Indian, Indonesian and ethnic Bornean citizens, with heavy to light influences from Thai, Portuguese, Dutch, and British cuisines, to name a few. This resulted in a symphony of flavours, making Malaysian cuisine highly complex and diverse.

MALAYSIA'S PUBLIC TRANSPORT

In Malaysia (central region), the best way to commute is with

- LRT, MRT (Rapid Rail)
- Buses
- Grab (Like Uber) [Cheaper than Normal Taxis]

For buses and LRT, you are recommended to purchase the Touch'nGo card [in LRT stations or 7-11], its price is ~USD 2.5, and you reload it.

PROFESSIONAL EXPERIENCES IN MALAYSIA

iGT in Malaysia has been one of the strongest product in the entity for a long time ago, since we have a lot of Global partners in the country and strong national partners, the relevance of the product and its value proposition to provide more professional experiences. Most of our opportunities are allocated in Kuala Lumpur. However, we are seeking to expand all over Malaysia.

COST OF LIVING

- Meals, inexpensive restaurants : MYR 10.00, USD 2.4
- Water (1.5 liter) : MYR 2.27 USD 0.55
- McMeal at McDonalds : MYR 15.00, USD 3.63
- 1 Serving Roti Canai (Meal for breakfast) : MYR 2.00, USD 0.5
- 1 Serving Nasi Lemak : MYR 3.50, USD 0.8
- Telecommunication / mobile phone bills and utilities : MYR 30-50 , USD 7.50-12.50

Please visit [this site](#) for further information

ESTIMATED BUDGET

Accommodation

Apartment (1 bedroom) in City Centre	MYR 1403.50, USD 339.58
Apartment (1 bedroom) Outside of Centre	MYR 880.06, USD 212.93

Suggested total living cost
MYR 1919, USD 464.31

Per month
*after deducting
accommodation
